

## "We All Laugh in the Same Language"

Did you know that every family in America - except Native American families - came to the U.S. from another country?

For example, Sun Lee's parents came here from China.

Mario's great-grandparents came here from Italy.

My grandparents came here from Russia and Poland.

Where does YOUR family come from? \_\_\_\_\_

When did they first come to the U.S.? \_\_\_\_\_

What language, besides English, is spoken in your family? \_\_\_\_\_

How do you say "hello" in this language? \_\_\_\_\_

On this map of the world, color in the country or countries where your family members came from. Trace the route they took to come to the United States.
